CENTRAL PIERCE FIRE & RESCUE

RESOLUTION NO. 24-10

A RESOLUTION OF THE BOARD OF FIRE COMMISSIONERS FOR CENTRAL PIERCE FIRE & RESCUE, PIERCE COUNTY, WASHINGTON, REQUESTING 2025 (COLLECTION YEAR) RENEWAL OF \$1.00 PER \$1,000 OF ASSESSED VALUATION FOR THE REGULAR PROPERTY TAX LEVY

WHEREAS, the Board of Commissioners for Central Pierce Fire & Rescue determined that Central Pierce Fire & Rescue requires an increase in property tax revenue from the previous year, in addition to that resulting from the addition of new construction and improvements to property and any increase in the value of state-assessed property, in order to discharge the expected expenses and obligations of the District and in its best interest; and,

WHEREAS, the District's actual regular levy amount from the previous year was \$30,544,285.48; and,

WHEREAS, such amount represents the actual amount levied, including refunds; and,

WHEREAS, the District's aggregate assessed valuation has been preliminarily certified at \$44,009,805,014; and,

WHEREAS, Pursuant to RCW 84.52.125 it is the intent of the fire district commissioners to protect the district's tax levy from prorationing under RCW 84.52.010(2), by imposing up to a total of twenty-five cents (\$0.25) per thousand dollars of assessed valuation of the tax levies authorized under RCW 52.16.140 and RCW 52.16.160, or either of them, outside of the five dollars and ninety cents per thousand dollars of valuation limitation established under RCW 84.52.043(2), if those taxes would otherwise be prorated under RCW 84.52.010(2)(e); and,

Further, pursuant to RCW 84.55.092, it is the intent of the fire district commissioners to protect the fire district's future levy capacity. Therefore, in any year in which the district reduces the regular tax levy below the amount of levy to which the district is entitled by law, consistent with existing voter authorizations and the limitations of the state constitution and statutes, it is the district's intent to fully preserve future levy capacity as the aforesaid statute allows. The county assessor is therefore requested to set the regular property tax levy at the amount which would be allowed under RCW 84.55, as if the regular property tax for the district for taxes due in prior years (beginning with 1986) had been set for the full or maximum amount authorized under the law; and

WHEREAS, the Board of Commissioners for Central Pierce Fire & Rescue attests that the District population is approximately 256,408;

NOW THEREFORE BE IT RESOLVED, by the Board of Commissioners for Central Pierce Fire & Rescue that an increase in the regular property tax levy is hereby authorized for the levy to be collected in the 2025 tax year. Property Tax shall be levied at the rate of \$1.00 per \$1,000 of assessed valuation as authorized by voter approval on April 23, 2024.

ADOPTED, at the Public Meeting of the Board of Fire Commissioners, this 25th day of November, 2024 by a majority of the members.

SUMMARY:

IT Division

Washington Digital Government Summit

A contingent of IT staff joined by members of the executive leadership team attended the annual Washington Digital Government Summit. This was a great opportunity to connect with other state and local government IT departments and learn how our peers are approaching emerging technology discussions. Some great connections were made and staff discussed prescient industry issues such as AI, evolving constituencies and workforces, and the critical role of state and local collaboration.

AVL

IT staff continue to meet with partners at South Sound 911 and Dejero twice weekly to fine tune and enhance our GPS delivery system. Using the most recent updates and code packages we have been able to produce reliable and reproduceable AVL in our field test and are poised to roll the solution out to rest of the fleet.

Support Services

Fleet Space

Working with local real estate broker to find solutions for our fleet space needs, both short term (lease and improvements) and long term (build a campus).

Organizations Coming Together

The team is preparing for changes to our response and staffing models. Focusing on systems, people and maintaining continuation of services without disruption to our members and community.

SUMMARY:

Staff Relocation

I am happy to share that the Prevention & Education and the Communications & Outreach divisions of the Executive Services Directorate have settled into their space at the AOC Annex. We also have space to accommodate a few future members of our directorate. We are fortunate to have onsite storage space in B30 with Central Stores while maintaining use of the classroom and storage at Station 71 for CPR and Safe Sitter training.

New Faces in P&E

With the promotion of AC Berdan to Deputy Chief – Business Services, we will be welcoming Division Chief Tim Susee to the P&E team. With the recent Shift Bid, we will have some additional changes in P&E that I will share with you in December. The sneak peak is that we are blending our resources. We wish DC Berdan the best in his new role and know that he will bring with him the same dedication to making things better and adding to the improvements of our new district and our communities. His accomplishments with P&E and his assistance with Communications & Outreach have been greatly appreciated.

Boundary Review Board

The land surveyors have been working with the County and the Boundary Review Board to finalize the legal description boundaries. The Boundary Review Board called for a Special Meeting on November 21st. While they have not shared an agenda for this meeting, we hope you have an update to share with you on November 25th. As we have mentioned in the past, the timing of their decision not to invoke jurisdiction will not impact our ability to move forward in January with the ballot process.

State Auditor's Office Audits

As we continue to wrap up individual district financial responsibilities, Deputy Director Kim Kemp is working with SAO to complete the 2022 and 2023 audits for OVFR. We are waiting for SAO to schedule the same audits for GFR.

Board Meeting Agenda Item Summary

Plan Review

We continue to have regular meetings with the City of Puyallup to review project proposals and provide input. Most recently, we ironed out a few last details regarding the timing of the MGSB Ambulance Bay expansion and remain immensely grateful to the City of Puyallup for their continued partnership and collaboration.

Kudos for Great Work

As you will see in Correspondence, we have received two letters of appreciation this past month. One is commending our participation at the Pierce County Fair. They value our continued contribution and partnership at this successful community event. The second is a letter from a community member thanking Public Educator Savannah Robertson for her great customer service while installing a carbon monoxide detector. Her thoroughness and kindness were so appreciated that the citizen took the time to share the impact of their experience with us.

Dear Brianna,

We hope you are doing well. This year's Fair was so much fun and we are grateful for your contribution. We could not put the Pierce County Fair together without the support of people like you and companies like Graham Fire and Rescue.

We cannot express in words how grateful we are for your continued support by coming to the fair every year and providing first aid support. The kids love seeing the fire truck and interacting with you team. They love getting their fire hat and balloon every year.

Your logo was displayed on our website, and during August we had over 47,000 visitors to the site. Your logo will remain on our sponsor page all year.

We posted your company on Facebook and Instagram multiple times with over 7,000 followers.

We also printed your company logo on the back of 2,500 free student tickets and dispersed them to local elementary schools.

We hope your involvement with the Fair has had a positive impact on your connection with the community.

Thank you for believing in the importance of community events and for your unwavering support. We look forward to continuing this partnership and creating an even better Fair next year.

Hello, Asst. Chief Berdan.

Last week, Ms. Robertson came to my home to install a carbon monoxide device. I want to take this moment to compliment her for a most pleasant and professional visit. She took the time to help me locate an appropriate outlet, explain how the device works, and answer any questions I might have.

She also looked at my smoke alarms and determined that they were expired. I have scheduled their replacement for Wednesday.

I'm an artist and she even took the time to let me show her some of my work and expressed the desired admiration that we artists love to hear. 😊.

I want to let you know that Ms. Robertson is a wonderful addition to your team. You're lucky to have her.

Thank you and I appreciate all that CPF does for the community.

Warmly,

Kathi M. Legge
